Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Monday 12 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Mainly dry and bright today. Feeling a little less cold.

Today:
A dry and frosty, but mostly sunny start with light winds. Cloudier from late morning with sunny spells and perhaps a few isolated showers by the afternoon; these wintry on hills. Still rather cold, but feeling warmer in the sunshine. Maximum temperature 9 deg C (48 deg F).

Tonight:
Soon becoming dry this evening with skies clearing across most parts. Widely very cold and frosty overnight, especially in eastern areas. Light winds. Minimum temperature -6 deg C (21 deg F).

Tuesday:
A largely sunny morning after a very cold start. Cloudier by the afternoon, with the odd shower, but still some decent spells of sunshine around. Winds remaining light. Maximum temperature 9 deg C (48 deg F).

Outlook for Wednesday to Friday:
Some isolated daytime showers, otherwise mainly dry with decent sunny or clear periods. Daytime temperatures near normal. Overnight frosts with some mist and fog, though soon clearing by day.
